Super Tuesday Results & The Academy Awards

This one, right here, is going out to Indian Trail Junior High School in Addison, Illinois.

Ah yes, as the Week in Rap starts,

It's Flocab, and we'd like to welcome you to March.

But Monday was February 29th,

'Cause we're in a leap year; it's kind of funny, right?

On **Super Tuesday**, voters hit the polls,

As the race for the nominations unfolds.

election

Clinton and Trump are hitting their goals,

While the other candidates struggle to get close.

So now let's talk about **the Oscars**,

Oscars

The host, Chris Rock, came with jokes and some harsh words.

He tackled issues of race the whole night,

Following **criticism the nominees were all white**.

At any rate, one guest was happy, yo,

Finally a best actor award for DiCaprio.

As we go to Greece,

Where the **crisis of the migrants** won't cease.

Syria

There's a huge number of refugees at the border,

The EU may send dough, hoping it brings order.

Moving on to **astronaut Scott Kelly**,

twin astronauts

For a year, he's been living at the top, literally.

Mars mission

He's a boss 'cause he stayed in space,

For a NASA record of 340 days.

He was there to study the effects,

Of long-term space travel, now the tests come next.

And yes, yes, shout out to the Navy SEAL,

Who received the Medal of Honor for keeping it real.

He helped rescue a doctor in Afghanistan,

Who was held hostage, now let's give this man a hand.

And in the world of education,

Change will be hitting schools all over the nation.

John B. King Jr

A law says states should evaluate schools,

By assessing non-academic things, too.

Some want to test social and emotional skills,

While others say that's not the right model to build.

OK, you know the name, yep, shout it from the hills,

It's Flocabulary, and our whole team's ill.

soft skills
